## Technical data

### General features

|                           |                              |
|---------------------------|------------------------------|
| Part no.                  | 09 9766 20 04                |
| Connector design          | Female panel mount connector |
| Version                   | Connector socket straight    |
| Connector locking system  | snap-in                      |
| Termination               | THT                          |
| Degree of protection      | IP40                         |
| Temperature range from/to | -25 °C / 70 °C               |
| Mechanical operation      | > 100 Mating cycles          |
| Weight (g)                | 1.28                         |
| Customs tariff number     | 85369010                     |
| Country of Origin         | DE                           |

## Subminiature connectors

|                     |                                                                                                       |
|---------------------|-------------------------------------------------------------------------------------------------------|
| Product description | Snap-In Female panel mount connector, Contacts: 4, unshielded, THT, IP40, 1/4" 28 UNF, Front mounting |
| Area                | Snap-In IP40                                                                                          |
| Series              | 719                                                                                                   |
| Part no.            | 09 9766 20 04                                                                                         |

### Electrical parameters

|                           |                       |
|---------------------------|-----------------------|
| Rated voltage             | 60 V                  |
| Rated impulse voltage     | 800 V                 |
| Rated current             | 3,0 A                 |
| Insulation resistance     | $\geq 10^{10} \Omega$ |
| Pollution degree          | 1                     |
| Overvoltage category      | II                    |
| Insulating material group | III                   |
| EMC compliance            | unshielded            |

### Material

|                       |                                      |
|-----------------------|--------------------------------------|
| Housing material      | PA                                   |
| Contact body material | PA                                   |
| Contact material      | CuSn (bronze)                        |
| Contact plating       | Au (gold)                            |
| REACH SVHC            | CAS 7439-92-1 (Lead)                 |
| SCIP number           | 16a4af5e-0b5a-4115-a671-299684da0390 |

### Classifications

|             |             |

## **Security notices**

The connector must not be plugged or unplugged under load. Non-observance and improper use can result in personal injury.

The connectors have been developed for applications in plant engineering, control and electrical equipment construction. The user is responsible for checking whether the connectors can also be used in other areas of application.

Connectors which are used in circuits with voltages dangerous to the touch may only be installed and used by, or under the supervision of, persons with electrical engineering training, taking into account the applicable regulations and standards.

The user must take suitable safety precautions to ensure that the connector cannot be accidentally disconnected.

Please observe the pollution degree and the overvoltage category. For further information, please refer to the download center "Technical Information".
